TSENG YUAN-CHE

Software Engineer

+886-983138467 adam880614@gmail.com Taipei / Hsinchu, Taiwan https://adamtseng.com

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience in enterprise system integration, application deployment, and production support. Proficient in C#, Python, ASP.NET Core, and relational databases, with experience integrating APIs, backend services, and infrastructure components across complex environments. Skilled in troubleshooting cross-system issues, collaborating with cross-functional teams, and delivering reliable software solutions.

WORK EXPERIENCE

Software Engineer
eZoom Information, Inc. **Jul 2025 – Present**

- Manage deployment, configuration, and troubleshooting of enterprise applications across Windows and Linux server environments.
- Integrate ASP.NET Core, Python services, API gateways, PostgreSQL, and third-party systems in multi-service environments.
- Diagnose application, authentication, database connectivity, and reverse proxy issues across interconnected services.
- Develop RESTful APIs and backend services using C# and Python to support enterprise workflows and system integration.
- Collaborate with internal teams, external vendors, and customers on system deployment, issue resolution, and production support.

SELECTED PROJECTS

Cloud-Native Backend Platform | Personal Project

Python, FastAPI, PostgreSQL, Docker, Google Cloud Run, Cloud SQL, GitHub Actions

- Designed and deployed a containerized backend platform on Google Cloud, integrating RESTful APIs, managed PostgreSQL, and authentication services.
- Implemented automated deployment workflows using GitHub Actions and configured custom domains for cloud-hosted services.

ANDESSENCE E-Commerce & Management System | Independent Project

Vue.js, FastAPI, PostgreSQL, Firebase Hosting, Google Cloud Run, LINE API

- Developed and deployed an end-to-end e-commerce system integrating customer orders, inventory, shipments, and administrative workflows.
- Integrated frontend, backend, database, and LINE messaging services across Firebase and Google Cloud infrastructure.

EDUCATION

National Yang Ming Chiao Tung University
Applied Chemistry | Master's degree

National Chung Hsing University
Chemistry | Bachelor's degree

LANGUAGE

Chinese · English · TOEIC 885

TECHNICAL SKILLS

Programming: C#, Python, JavaScript, PowerShell
Backend: ASP.NET Core, FastAPI, REST APIs
Infrastructure: IIS, Windows Server, Linux, Docker
Cloud & DevOps: GCP, GitHub Actions
Databases: PostgreSQL, SQL Server
